1/16/2014 11:21:14	Community and Sustainability Coordinator	Alcohol in events	We would like to know whether this policy is up-to-date and if WEC can use it to either provide some alcohol drinks in specific events or at least, allow residents to bring their own. http://web.mit.edu/policies/9/9.3.html Student-Sponsored Events "In general, student organizations may not use Institute funds, including "house taxes" and student activities fees to purchase alcohol, though such funds may be used to hire bonded bartenders and/or party monitors. However, for events hosted by graduate student dormitory governments or by housemasters in graduate student housing, MIT funds may be used to purchase alcohol where no one under the age of 21 will be present, and provided the event has been appropriately registered."	3		Policy is up-to-date. Effectively, how we plan to implement this is, at WEC disccussion small events can be BYOB. Large events or WEC purchasing may need more detailed review of policies.	8
