3/3/2014 22:40:53	Graduate Coordinator	WEC positions	Discussions	1		<b>Marcello &amp; Alessandra, Tiky &amp; Wenjun, Roy &amp; Inbal are stepping down from CRC, Pres, ITC respectively. Transfer requests due by next Thurs.</b>	10
3/6/2014 8:34:31	Partners Community Coordinator	Long-Term Yoga Class	<ul style="list-style-type: none"> <li>-We want to hold regular yoga class weekly till the end of semester</li> <li>-The session will be 75 mins</li> <li>-Pegah asks for \$50 per session (negotiable)</li> <li>-15 residents can join the class</li> <li>-It will cost around \$25 per person</li> </ul>	1		<b>Visa status does not allow suggested payment. Discuss w/ SAO or find alternative</b>	10 min
3/6/2014 10:41:09	Community and Sustainability Coordinator	Gardening chair	Our position is overloaded right now and we have many WEC-related projects for this year. Therefore, we would like to pass the floating Gardening responsibility to someone else. Preferrably any of you that is/was actually involved in Gardening, whether you remain in WEC or not during the whole season. We can help running the lottery in the meanwhile so the new one has time to design the gardening year.	1		<b>Garden plots could be managed by community volunteers</b>	5
3/3/2014 14:31:01	Secretary-Treasurer	Buying items for the lounge	We collect lounge fees for people to reserve the lounge, we have ~\$1k currently(both leftover from last year and collected this year so far). Some recent suggestions: long stereo audio cable (to go with new long HDMI cable), coffee pot, water filter (maybe attachment for the sink faucet?), large compost bin (like the recycle bin), smaller bin to use for compost during smaller events. Anyone have other suggestions? What would make the lounge a nicer place for residents? I think it makes sense to buy a few of these smaller things now, and continue to save these funds so that we have the capital to make a larger purchase in the future	2	\$150 to \$200 depending on additional suggestions	<b>e.g. small tea kettle, toaster, utensils, long&amp;shor audio cables, locks</b>	8
3/3/2014 17:29:54	Community and Sustainability Coordinator	Lounge reservation rules	We should review and update the rules, enforcement and fines. It's not easy for us to enforce the rules and fines but it's also not fair to force our custodial staff to work extra and for free for any mess left behind. Additionally, we suggest to use the money collected from fines and find a way to reward our staff for that extra work, i.e. a gift for Christmas, Thanksgiving or any special date.	2		<b>Request MC to tell us if there is undue mess. Cleaning staff is properly compensated. Paper towel dispenser suggested.</b>	8
